

4/11/78

Dear Mark,

From what Paul Koch has written it seems that you and Earl Golz have Epstein on tape. If this does not have to be kept confidential for Earl's writing or similar uses I'd like very much to hear that tape because we have won an Order from the appeals court to present our new-Epstein- evidence to the district court. If it does not order a "new trial" then the appeals court is going to hear oral arguments. It has not ruled on the admissibility of the new evidence before it.

It has been some time since Kevin left for the warmer climes. If I recall what he said then he should be back or due back soon.

There have been some developments I'd like very much to discuss with him as soon as it is possible.

When you are in touch with him would you please let him know this?

I'm assuming, of course, that he'll be returning to D.C.

What are your summer plans?

Hope school went well for you.

Sincerely,
